

# Harvard Origins of Life Initiative Graduate Consortium Application 2018-2019

Please complete each field

---

## Application

First Name

Last Name

Gender  
(preferred)

Harvard ID Number

Email

Cell phone

Department

School

Year of Graduate Study  
(for 2018-19 academic year; e.g. G2, G3, etc.)

## Faculty Advisor

Consortium students will need to provide confirmation of approval from their faculty mentors; your application is not complete until we receive an email from your advisor indicating his or her approval of your enrollment. Please ask your advisor to send a brief email message to Kelly Colbourn-Moreno (kelly.moreno@cfa.harvard.edu), including explicit acknowledgment that s/he is aware of the time commitment involved, and an explanation of how participation in the Consortium relates to your research goals.

## Proposed Course of Study

(Please note requirements in the Certificate Requirements section.)

### Relevant Completed Graduate Courses

Please indicate you may have already completed, and the semesters in which they were taken:

### Academic Background

The Consortium encourages applications from students from a wide variety of academic backgrounds and disciplinary interests, although successful completion of the Certificate does demand a certain level of prior science knowledge, including experience with single-variable calculus. To help us gauge your experience in several areas of study related to the Consortium, please indicate the number of college-level semesters you have completed for each of the following subject areas:

	1	2	3	4	5	6	7	8
Astronomy								
Biology								
Chemistry								
Earth and Planetary Sciences								
Engineering								
Geology								
Physics								

### Additional Items Required

In addition to this application, please email your 1 page CV, a personal statement (up to 500 words) and an unofficial copy of your transcript to Kelly Moreno, Associate Director at [kelly.moreno@cfa.harvard.edu](mailto:kelly.moreno@cfa.harvard.edu).
